

About Solozen

Who we are

Solozen Life Sciences was established in 2014 with its experience spanning 5 years has emerged as a force to reckon with in the Indian pharmaceutical market. Solozen is an ethical formulation marketer committed to provide quality healthcare to humanity with quality medicines. The pharmaceutical industry is an essential industry for augmenting human existence and enhancing its 'Quality of Life'.

We at Solozen are continually "Innovating for better healthcare". Serving humanity through the field of Pharmaceuticals products has only strengthened our resolve to innovate and deliver better value in many forms. The company's product line includes more than 27 specialty formulations.

Our commitment to enhancing 'Quality of life' begins with walking hand in hand with Pharmaceutical and Healthcare profession
